2016 COURSES

BIOMAGNETIC PAIR

ESCUELA SUPERIOR DE BIOMAGNETISMO MÉDICO
ISAAC GOIZ DURÁN
MISSION

The Dr. Isaac Goiz Durán Biomagnetism School and the Biomagnetism Research Institute, jointly aim at providing new Biomagnetists the necessary knowledge, tools and abilities to maintain and reestablish people’s good health with the Biomagnetic Pair Technique, while adhering to a set of values and social responsibility.

VISION

To be a Biomagnetism school and research center committed to the scientific, technological and innovative development of the Biomagnetic Pair. To provide support during the learning process of the technique. To certify and impose quality standards for Biomagnetist training through academic instruction. To carryout continued assessments and provide updates.

OUR MOTTO

“Time will prove us right”

Is what Dr. Isaac Goiz Duran, discoverer of the Biomagnetic Pair, says when he invites us to reflect on the knowledge that this new scientific and therapeutic discipline brings forth in terms of finding answers to the health problems faced by people worldwide.

GOALS

- Improve teaching method by presenting the essence the Biomagnetic Pair.
- Apply new and more precise technologies and insight to the development of the Biomagnetic Pair.
- Create a worldwide network of Biomagnetists knowledgeable in the Biomagnetic Pair technique that can endeavor in providing good health according to the population’s needs.
OBJETIVES

- Train Biomagnetists so they become proficient in the Biomagnetic Pair technique with a new perspective that focuses on the health-disease relationship.

- Understand the mechanisms used in the Biomagnetic Pair technique in both levels, Biomagnetism and Bioenergetics.

- Complete the correct Level 1 and Level 2 scans during student practices.

- Analyze the possible problems that might arise during a scan to offer a real and effective solution to the health-disease processes of the population.

EDUCATIONAL MODEL

Focuses on the student, through a personalized teaching method that includes theory and practical training. From the start, the students learn about the Biomagnetic Pair through hands on practices that help them develop the core competence, as well as necessary skills and abilities to grow as professionals in the field of Biomagnetism.

BIOMAGNETIC PAIR INTRODUCTION

The Biomagnetic Pair (BP) is a therapeutic technique developed by the Mexican scientist Dr. Isaac Goiz Duran more than 27 years ago. The technique focuses on eliminating the root causes of a disease, those that exacerbate it or impede rehabilitation of the patient. This is done through the application of permanent artificial magnets in different parts of the body that are in "Biomagnetic Resonance" and by adhering to the methodology prescribed by the discoverer of this technique. With this technique it is possible to treat many ailments including contagious infectious, chronic degenerative, metabolic, dysfunctional, autoimmune, psycho-emotional and tumoral diseases, as well as poisonings. The implementation of the technique reduces clinical symptoms, rehabilitates different functions of the body and reestablishes the person’s health and wellbeing. The result in many cases is a clinical improvement in the patient’s condition, without experiencing the side effects of conventional treatments, drug poisoning due to overdoses or anaphylaxis, antimicrobial resistance. It also helps reduce the risk of infection, hemorrhages or surgery complications, as well as reducing hospital stays, recovery time and rehabilitation. The Biomagnetic Pair is a simple technique that anyone can perform and that should be learned from first hand sources, so that the knowledge and information acquired can be applied properly for the good of all people.
DR. ISAAC GOIZ DURAN BIOMAGNETISM COURSE

COURSE DESCRIPTION (LEVEL 1)

Dr. Isaac Goiz Duran’s Level 1 Biomagnetic Pair course is an all-encompassing presentation of discoveries, details, healing cases and history of the Biomagnetic Pair. In his own words, it is an incredible therapeutic and learning experience that will make us relive the beginnings of the Biomagnetic Pair. During the course, Dr. Isaac Goiz will explain every Biomagnetic Pair, including its discovery, characteristics and placement on the body, as well as things that must be taken into account. At the end of each day clinical cases will be presented and reviewed to enhance the student’s learning experience. It is without a doubt the most comprehensive course that a health technician or health professional can take in order to complete their therapeutic training.

It is a 36 hour course given by Dr. Isaac Goiz Duran covering the Biomagnetic Pair since 1988, including characteristics, experiences and discoveries.

REQUIREMENTS LEVEL 1

1.- Technical degree, college degree or résumé (submit a copy)

2.- Registration fee payment (discount available for returning students)

CLASS MATERIAL PROVIDED (NEW STUDENTS)

- A pair of magnets
- The Biomagnetic Pair book by Dr. Isaac Goiz Duran
- Level 1 Certified Diploma (some Universities in Mexico provide a diploma several months after completion of the Biomagnetic Pair training and once students have fulfilled the corresponding University requirements).

CLASS MATERIAL PROVIDED (REPEATER STUDENTS)

- Level 1 Certified Diploma (some Universities in Mexico provide only one diploma several months after completion of the Biomagnetic Pair training, the training modules and corresponding University requirements. They might not provide a diploma to returning students).
DR. ISAAC GOIZ DURAN BIOENERGETICS COURSE

COURSE DESCRIPTION (LEVEL 2)

By understanding a disease from an energetic and/or vibrational point of view we can comprehend the pathology more in depth which in turn will help us provide the patient better physical, mental and emotional health and well-being. This course will help the therapist improve his or her abilities when practicing Biomagnetism and help improve their daily work.

Dr. Isaac Goiz Duran’s Level 2 course consists of 15 hours of instruction by him, after which time a guest speaker is invited to give the presentations. This is done in accordance with the requirements of many universities where the course is offered in order to fulfill education goals and credit hour accrual needed by students. Therefore, other subjects are covered during course, including Anatomy, Biochemistry, Physiology, Microbiology and Lab Studies, to name a few. Occasionally, Dr. David Goiz Martinez will attend and give a presentation.

The Biomagnetic Pair technique is a type of integrative medicine that does not interfere with any other practices in medicine, does not cause side effects, is not subject to minimum effective dose, maximum lethal doses, it is easy to apply, cost effective and anyone can learn to administer the therapy. There’s no doubt this therapy is the best option for anyone looking to work in the area of health care.

**REQUIREMENTS (LEVEL 2)**

1. Completion of Level 1 Course, with Dr. Isaac Goiz Duran or any other Biomagnetic Pair certified instructor and be certified by the Universidad de Ciencias Nuevas (New Medical Sciences University) on the Biomagnetic Pair.

2. Registration fee payment (discount available for returning students)

**CLASS MATERIAL PROVIDED (NEW STUDENTS AND REPEATERS)**

- Level 2 Certified Diploma Diploma (some Universities in Mexico provide only one diploma several months after completion of the Biomagnetic Pair training, the training modules and corresponding University requirements. They might not provide a diploma to returning students).
DR. DAVID GOIZ MARTINEZ BIOMAGNETISM COURSE

COURSE DESCRIPTION (LEVEL 1)

The Level 1 Biomagnetic Pair course focuses on clinical, practical and resolution-based real solutions to health and disease issues. The course provides personalized instruction and seeks to engage the student on the Biomagnetic Pair technique from the first day with hands-on scanning practices. All questions arising through the learning process are answered, all the while verifying the student’s comprehension of needed knowledge and level of expertise with the technique.

It is a 36 hour, 5 days long course that provides for 28 hours of theory and 8 hours of hands-on in class practice.

BIOMAGNETISM PRACTICAL TRAINING

COURSE DESCRIPTION (LEVEL 1)

Biomagnetism practical training focuses on clinical, practical and resolution-based viable solutions to health and disease issues. Practical training provides personalized instruction through which the student can now apply the Biomagnetic Pair technique. Practice sessions complement the work and teachings of Dr. Isaac Goiz Durán. In addition, they help clarify and answer questions that arise throughout the learning process as well as help verify the level of information retention.

Practical training consists of a total of 15 hours, 8 hours of theory and 7 hours of practice sessions, taken in a span of 2 days.
